

Looking for a unique and different experience in Mallorca?

Don't hesitate to come with us and live the unforgettable experience of visiting the Cova des Coloms.

Once you've arrived and met our fantastic team who will show you the installations of the center, we will provide you all the necessary equipment and we will **get ready** for the adventure.

Our guides will make a short briefing of the trip: An exciting Boat Tour on the East coast of the island passing through the most beautiful beaches of Mallorca like **Cala Varques and Cala Magraner**, until we reach The Sea Cave, most known as Cova des Coloms de Cala Falcó.

We will jump into the water and swim to the entrance. When we pass, we will access a large room full of stalactites and stalagmites. Then we will continue the trip inside climbing and swimming into beautiful **lakes of crystal clear water**.

During the excursion our guides will explain all the history that keeps the large amount of natural formations that are inside the cave, in addition to legends about pirates and adventurers who found this spectacular hiding place for their treasures and riches.
